

KNOW ALL THE FACTS ABOUT THE COVID-19 VACCINE AND MAKE THE HEALTHIEST CHOICE FOR YOUR CHILD.

If you're on the fence about getting your child vaccinated, it's important to know the facts about the COVID-19 vaccine.

**No lasting
side effects**

**Doesn't affect
fertility**

**Myocarditis is more of a threat
from COVID-19 than the vaccine**

The vaccine is proven safe and effective for children 5 and older. Vaccinated youth are protected against serious illness caused by COVID-19 and don't have to quarantine if exposed to someone with the virus. So, the best way to protect our kids and keep them in school is to get them vaccinated.
